

PRODUCT IDENTIFICATION

Name: Cell-O-Fill Code no.: N/A MAS Part # 25-003, 25-004, 25-017

MANUFACTURER: PHOENIX RESINS, INC

2615 River Road #3A Cinnaminson, NJ 08077

856-303-9256 800-398-7556

HAZARDOUS INGREDIENTS

Name: Cellulose Fibers CAS no.: 9004-34-6 PEL: TLV: 10 mg/m3

PHYSICAL DATA

Appearance: White fibrous material

Solubility in water: Insoluble in water

Boiling point: N/A

Vapor pressure (mmHg): N/A

Specific gravity: 1.1

pH: Average 7.0

Melting point: N/A

Vapor density (Air=1): N/A

Odor: N/A

FIRE AND EXPLOSION DATA

Flash point (method used): Variable

Flammable limit: Disintegration = 380°F LEL: N/A UEL: N/A

Extinguishing media: Water

Special fire fighting procedures: None

Unusual fire & explosion hazard: Fine dusts with oxygen can be explosive. Keep away from open flame.

REACTIVITY DATA

Stability: Stable Unstable

Conditions to avoid: Open flame

Incompatibility (materials to avoid): None known

Hazardous decomposition products: None

Hazardous polymerization: Will not occur

SPECIAL PRECAUTIONS

None known

HEALTH HAZARD DATA

Toxicity: N/A

Primary source of entry: Inhalation Skin Ingestion N/A

Target organ: N/A

Signs and symptoms of exposure: Nuisance dust may cause coughing, sneezing and/or watering eyes.

Medical conditions aggravated by exposure: Nuisance dust may aggravate respiratory conditions.

Carcinogenicity: NTP IARC OSHA N/A

EMERGENCY FIRST AID PROCEDURES

Eye contact: No acute hazards known

Skin contact: No acute hazards known; wash with soap and water.

Ingestion: No acute hazards known

Inhalation: No acute hazards known

SPILL AND DISPOSAL PROCEDURES/SAFE HANDLING AND USE

Spill and Leak: Vacuum, sweep or shovel. Follow normal clean-up procedure for non-hazardous material.

Disposal: No special requirements. Landfill.

Precautions: No special handling precautions required. Store in dry location. Keep away from open flame. Use normal precautions associated with combustible materials while storing.

PRECAUTIONARY MEASURES

In handling: Gloves Eye Protection N/A

Ventilation: Normal Mechanical Respiratory Protection

Work/Hygienic practices: NIOSH approved dust mask for nuisance dust. Eye protection not required. Goggles recommended.
